

## **LAKEWOOD - - A UNIQUE LIVING EXPERIENCE**

**Lakewood is more than a manufactured home community. It is a unique community within itself and within a larger community outside.**

**The amenities we enjoy are literally too numerous to recount. But let us start with only a few.**

**The first noticeable one is the sheer beauty of the park including the lakes and the canals and all the lovely waterfowl we enjoy year round.**

**Then there is the clubhouse and all the advantages and social opportunities it offers. We have the swimming pool, billiards, card games, bingo, singing, line dancing and many other social events. We even have a special jukebox with music from our *not so distant past*.**

**We have a special club composed of many dedicated residents who have a keen desire to make living in Lakewood as enjoyable and pleasant as possible.**

**We have owners who truly enjoy providing the residents with the best facility and opportunities available anywhere. And we have managers who devote their time and energy seeing that life here is most pleasant.**

**Perhaps the most striking feature of Lakewood is the peace, harmony and tranquility found and felt here.**

**We readily see that residents genuinely care for and about each other and become an extension of our own family.**

**But, on the other hand, if a resident wishes to be reclusive then all others respect his or her desires and do not infringe. Each is given the right to be himself or herself without interference.**

**The front gate closes at 7:30 each evening, keeping unwanted trespassers at bay, and does not open until 7:30 the next morning - - giving us peace of mind.**

**Hopefully more of us will begin to take advantage of the many and varied opportunities available to us. Let us open our eyes to see what an opportunity we have here.**
